Underground Workshop Notice (PLEASE NOTE: NEW DATE!)

March 13, 2002 10 am – 4 pm	Sempre Energy Headquarters 101 Ash Street, Auditorium #3 San Diego
---------------------------------------	--

In compliance with the Commission's Decision (D.) 01-12-009 issued December 11, 2001 in the Underground Electric and Communication Facilities Rulemaking Proceeding R.00-01-005, the California Public Utilities Commission's Energy Division posts and serves electronically this notice of a public workshop it will sponsor to facilitate input on the design of a standardized data reporting mechanism. The workshop will be hosted by SDG&E as shown above and allow participants to discuss and make recommendations on elements to be incorporated in the data collection and reporting system. The goal of the data tracking and standardized reporting is to allow the utilities, the Commission, and interested parties, to track the safety, service reliability, and lifetime cost for both overhead and underground projects and make valid and reliable comparisons between systems. A data tabulation template drafted by the respondent electric utilities is attached to this notice. The template will be the basis of discussion at the workshop. Within ten days after the workshop, we invite parties to submit and serve a position statement, discussing why their proposed data collection and reporting system are important to future public policy on undergrounding.

Teleconference Information: Conference call capabilities will be provided by calling 1-800-966-6338; reference Margaret Moore, and followed by the pass code # 02060148.

The meeting is wheelchair accessible. Participants attending the workshop via conference call are asked to put their phones on mute when they are not addressing the workshop participants in order to reduce background noise.

If you will not attend then please provide your written or electronic comments before the close of the workshop. Send them electronically to chris@stiehlworks.com and dkl@cpuc.ca.gov or mail them to both:
